INTRODUCTION AND INDEX

IN presenting this catalogue of the Art Needlework Products of the Bernhard Ulmann Co., Inc., we are confident it will prove of value to the trade not only in conveying an idea of the extent and diversity of the goods we manufacture, but also as an active reference guide when ordering, especially for those who cannot easily visit our showrooms.

While our half century's association with the art needlework field has acquainted the trade, as a whole, with our house and our products, we wish to emphasize to merchants generally the uniformly high quality of BUCILLA Cottons, GLOSSILLA, the recognized substitute for silk, and the famous and well-established BEAR BRAND Yarns, for generations the "Standard of Quality," also the wide assortment of other goods and novelties presented in this catalogue.

The completeness of our Fall Line is at once apparent from a glance at the accompanying index. Besides BUCILLA Cottons, GLOSSILLA and BEAR BRAND Yarns, it includes a new and fascinating assortment of BUCILLA Crochet and Embroidery Package Outfits and a wide variety of stamped articles for all purposes. Other lines shown in this catalogue are Decorative Linens and Novelties, Silk Pillows, Fringes, Cords, Lamps and a complete assortment of Art Needlework, Cabinets and Notions.

Our specially organized "Ad-Service" Department will be pleased to render every possible assistance to our distributors in helping to sell our goods.

BRAND YARNS

"Standard of Quality"

BEAR BRAND

REG. U.S. PAT. OFF.

THE Yarn Department of any store should be a profitable factor in the business. It is most important, however, that the best brand of Yarn be handled, one that will satisfy the customer in every way, a yarn that will fully meet the high standard of your store. BEAR BRAND Yarns fulfill these requirements. They are soft, even, elastic, and are made in a large variety of styles, with complete assortment of colors and shadings. "There's a Yarn and a Shade for every purpose."

BEAR BRAND Yarns are very carefully made from the highest quality wools and are well known for their uniform excellence. They are far more brilliant and lasting in color than any others. It is not sufficient to select only the right BRAND of Yarn, but one must also have the correct KIND of Yarn for the particular piece of work to be made if best results are to be accomplished. Therefore, it is advisable to at once become familiar with the name and uses of the various BEAR BRAND Yarns.

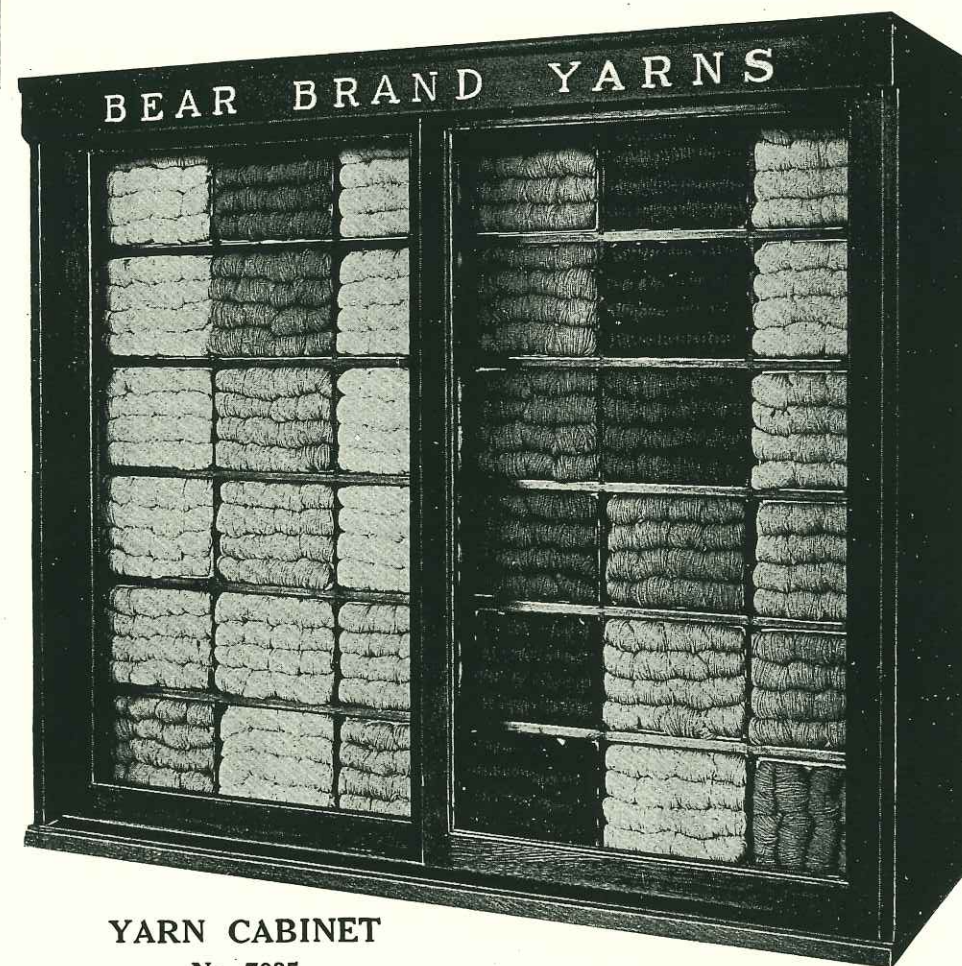

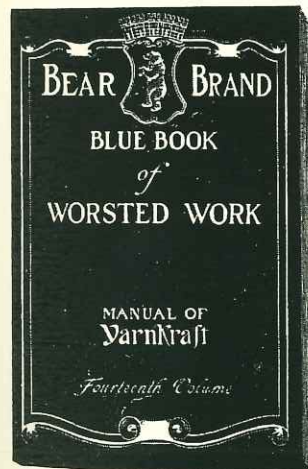

BEAR BRAND Yarn Manuals are widely known as always containing the newest, up-to-date articles, beautifully illustrated with clearly written instructions for making. Directions are given in such detail that the beginner as well as the expert finds them easy to follow.

The value and importance of these Manuals in developing sales on BEAR BRAND Yarns cannot be over-estimated. Their endorsement by thousands of stores carrying BEAR BRAND Yarns is sufficient recommendation.

We also supply to dealers handling BEAR BRAND Yarns, illustrated leaflets for free distribution, giving full directions for making our original designs of the stylish garments and articles in popular demand.

Special attention is called to our Co-operative Ad-Service Department, which will furnish up-to-date suggestions for local or catalogue advertising. All illustrating electros, proofs with complete write-ups, etc. We also supply, upon request, attractive BEAR BRAND "Movie" Slides, for display in motion picture theatres. These "helps to success" are designed to assist our customers. Our "Ad-Service" Book mailed upon request.

An example of the exclusive and stylish garments illustrated and described in Bear Brand Blue Book of Worsted Work, Volume 14, is this "Country Club" Sweater No. 2362.
